

Dear Rutlish Family

This year has been one of readjustment and reintroduction of normal school life and activities. Whilst there were some challenges, the positive **can-do**, **want-to-do** and **will-do** attitudes of our school community, PTA volunteers, sponsors, our Junior Leadership Team, Teachers, and Student Volunteers have made it possible for our PTA's post-pandemic recovery to be a successful one.

As you will see from the below image, the Rutlish PTA has raised **£9,486** for the benefit of all our boys in the 2021/2022 academic year.

We are immensely grateful for every hour sacrificed, donations made, and sponsorship secured. Without you it would not have been possible.

In the new academic year, we look forward to hosting several social events and working together as a community towards providing the best possible secondary school experience for all our boys.

We wish you all a good and restful summer holiday!

The Rutlish PTA
