

Merton Garden Streets

Let's make Merton greener together!

We want to help residents plant up their streets with **bee-friendly** flowers and shrubs: in front gardens, under street trees, in window boxes, hanging baskets and on top of bike/bin sheds.

Greener streets help reduce urban flooding, keep us cool in hot months, filter pollution, benefit wildlife and improve our wellbeing.

Get involved

To take part as a **Street Coordinator** or **Co-Coordinator** and get your street on the map, visit sustainablemerton.org/gardenstreets and sign up to get planting! You can also see which streets have already joined.

Community planting dates are planned for 21st May, 25th June, and 16th July 2022 with flexibility for street specific dates.
