We've been offered the opportunity to take part in the Blues and Roots Ensemble, led by Ed Barber at Wimbledon High School every Tuesday 4.10pm-4.50pm. This is a real opportunity to get involved with Jazz and to take part in the weekly session. There will be a concert during the Summer Term. There is no cost for this but students must be willing to attend weekly. We have taken part before and it's been amazing.

Please complete the form below, as soon as possible, if you would like your child to be considered. Your child will need to be proficient on their instrument

“BLACK AND GREAT: THE ESSENTIAL WORKPLACE TOOLKIT”

On Wednesday 11th May, a group of year 10 students and staff, including Ms Howarth, attended a talk organised by Ursuline High School's Afro-Caribbean society. The society had invited students from Rutlish School, Ricards Lodge, Raynes Park, Wimbledon College, Coombe Girls and St Marks Academy to hear Rene Germain, author of “Black and Great” share her experiences of the challenges the black community face in the workplace. Germain spoke of stereotyping, imposter syndrome and intersectionality as a black woman in the workplace, and gave her top tips for building a personal brand. She then took questions from the audience about some of her biggest challenges and what she had learnt from those she interviewed for her book.

Rutlish students listened intently, asked engaging questions and then received a free copy of Germain's new book. “Black and Great” provides a guide for Black students ready to make their mark in the working world and beyond, giving honest and practical advice on carving their career whilst embracing their ethnicity. The book shares the career journeys of over 20 successful Black British professionals and entrepreneurs from TV & film, sport, media, law, medicine and finance through open letters and interviews, providing advice, support and encouragement to Black students and professionals starting out in their working lives. The book reveals the highs and lows, how they bounced back from failure, plus the best and worst advice they have received over the years. It was a privilege to hear Rene Germain speak with such humility, humour and integrity, and has left our students and staff feeling inspired and equipped to navigate some of the challenges faced in the workplace.

New borough-wide Merton Garden Streets Project, brought to you by Sustainable Merton with support from Merton Council (see attached flyer)

We want to help residents plant up their streets with bee-friendly flowers and shrubs: in front gardens, under street trees, in window boxes, hanging baskets and on top of bike/bin sheds. Green streets help reduce urban flooding, keep us cool in hot months, filter pollution, benefit wildlife and improve our wellbeing.

We have three Community planting days planned for **21st May, 25th June and 16th July**. If any of your colleagues in Merton, would like to join in and register their road, please ask them to sign up using the following form link: <https://forms.gle/DJfZ7JDICWkPS4eH9>

If you want to know more about our project please visit our website page: <https://www.sustainablemerton.org/gardenstreets>

Thank you

Kind regards
