

Merton Council Covid-19 – Risk Assessment Tool for the September Opening of Schools – updated 5th November 2020

Introduction

Government guidance stipulated that, to prepare for wider opening from 1 June 2020, every setting must carry out a risk assessment before opening. Following the government guidance that schools should open to all pupils from September 2020 it was outlined that schools should revisit and update their risk assessments (building on the learning to date and the practices they have already developed) to consider the additional risks and control measures to enable a return to full capacity in the autumn term and in line with the government's 'Guidance for full opening: schools' published on 2 July 2020. The government guidance clarifies that this is to inform school decisions and control measures - a risk assessment is not about creating huge amounts of paperwork, but rather about identifying sensible measures to control the risks in the workplace, and the role of others in supporting that. The risk assessment will help school leaders and employers decide whether they have done everything they need to.

Schools should also review and update their wider risk assessments and consider the need for relevant revised controls in respect of their conventional risk profile considering the implications of coronavirus (COVID-19)

The original Merton Council Risk Assessment Tool was designed to meet this requirement, referencing the specific government guidance; it has now been updated to reflect the government requirements and updated guidance up to 8 July 2020.

Due to the need to provide this quickly to schools we cannot guarantee that it is exhaustive and is not a substitute for reading the latest government guidance and in particular 'Guidance for full opening: schools' Published 2 July 2020, but also some previously published guidance that provides some more details.

Guidance for full opening: schools Published 2 July 2020, 7th September, 17th September 2020, 21st September 2020 20th October and 5th November

What parents and carers need to know about early years' providers, schools and colleges in the autumn term, updated 1 September 2020

Coronavirus (COVID-19): safer travel guidance for passengers updated 14 September 2020

<https://www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers>

The 'Implementing protective measures' document clarifies that there are important actions that children and young people, their parents and those who work with them can take during the coronavirus outbreak, to help prevent the spread of the virus, dealing with direct transmission (for instance, when in close contact with those sneezing and coughing) and indirect transmission (via touching contaminated surfaces). A range of approaches and actions should be employed to do this. These can be seen as a hierarchy of controls that, when implemented, creates an inherently safer system, where the risk of transmission of infection is substantially reduced. These include:

1. MINIMISE CONTACT WITH UNWELL INDIVIDUALS - minimising contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, do not attend childcare settings, schools or colleges
2. CLEANING HANDS - cleaning hands more often than usual - wash hands thoroughly for 20 seconds with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered
3. RESPIRATORY HYGIENE - ensuring good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
4. CLEANING REGIME - cleaning frequently touched surfaces often using standard products, such as detergents and bleach
5. ALTERING THE ENVIRONMENT AND ORGANISATION TO MINIMISE CONTACT - minimising contact and mixing by altering, as much as possible, the environment (such as classroom layout) and timetables (such as staggered break times). The 'Guidance for full opening' places more emphasis on organisation of the school to minimise contact between bubbles.

This risk assessment tool therefore retains these measures, and then "other" measures such as staff and pupil wellbeing, and staff levels to provide a safe environment, but also updates to reflect the 2 July 2020 'Guidance for Full Opening' This summarises the important requirements within the context of providing for the resumption of the full range of curriculum subjects and vulnerable children including those with special educational needs:

Essential measures include:

- a requirement that people who are ill stay at home
- robust hand and respiratory hygiene
- enhanced cleaning arrangements
- active engagement with NHS Test and Trace
- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable

How contacts are reduced will depend on the school's circumstances and will (as much as possible) include:

- grouping children together
- avoiding contact between groups
- arranging classrooms with forward facing desks
- staff maintaining distance from pupils and other staff as much as possible"

Please note with regards to the 'hazards and issues' many of these are taken directly from government guidance, but **all must be considered in the context of individual schools.**

It should be noted that the tool does not provide for the standard 'Likelihood x Severity' risk assessment process. The expectation is that the addressing government prescribed control measures will control the risk, but where this cannot be met there would be the need for a further more formal risk assessment.

Risk Assessment Tool

No	Theme (‘Hierarchy of Controls’)	Hazards and issues as per government guidance	Control measures – in existence or to be actioned	Action Complete		Further Risk Assessment Required	
				Y	N	Y	N
<p>Staff and students should not attend if they have symptoms or are self-isolating due to symptoms in their household. No person with Covid-19 symptoms will attend school. Testing is available. The school and all members must follow Government and NHS guidance on testing, track and trace. The school will also follow advice from PHE and the Local Authority.</p>							
1	Individuals vulnerable to serious infection attending school	<p>We are expecting everyone to be able to return to school: Staff and parents should follow government guidance.</p> <ul style="list-style-type: none"> Clinically extremely vulnerable and clinically vulnerable people are now advised that they can return to work from 1 August as long as they maintain social distancing where possible. If deemed clinically extremely vulnerable or clinically vulnerable due to pre-existing medical conditions, a risk assessment will be in place. The government has indicated that people of the BAME (Black and Asian minority ethnic groups) are at greater risk of covid-19, a risk assessment will be carried if requested. 	<ol style="list-style-type: none"> In all cases, individual risk assessments will be reviewed by the SLT line manager for staff and by a member of the SEN, Inclusion, Pastoral team or SLT for a student with guidance from the most recent (1 August 20). All staff that were previously deemed extremely or clinically vulnerable will need to update the individual risk assessment when there is a change in government guidance. PPE will be discussed. Clinically extremely vulnerable staff and students can attend school unless advised to work at home. These people will have received a new letter from the NHS or their GP. <p>https://www.gov.uk/government/publications/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19</p>	Y			
2	Unwell/suspected unwell individuals, taking swift action to contact the local health	<p>Minimise contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, or have tested positive in the last 7 days, do not attend school, and ensuring anyone developing those symptoms during the school day is sent home.</p> <ul style="list-style-type: none"> Plan the school level response should someone fall ill on site (following 'Implementing Protective Measures' additional questions guidance). 	<ol style="list-style-type: none"> First aid treatment will continue in line with existing school guidance If person has covid-19 symptoms – must be sent to MH first aid room and alert first aid staff by radio or phone. PPE for first aiders, gloves, apron, masks for suspected covid-19 cases. 	Y			
				Y			
				Y			

	<p>protection team, and use of NHS Test and Trace</p>	<ul style="list-style-type: none"> • All pupils who show symptoms to be isolated as soon as they appear in a specific space. • All staff who show symptoms to be supported to return home as soon as possible. • All symptomatic staff and pupils to be guided towards testing opportunities. • Set aside space for symptomatic people to isolate before they go home. • Staff supporting any symptomatic child should wear PPE. <p>Swift action to report and work with local health protection team and NHS Test and Trace</p> <p>Schools must take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID-19), as per the Local Authority's flow chart.</p> <p>Schools must ensure they understand the flowchart and the NHS Test and Trace process. Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to:</p> <ul style="list-style-type: none"> • book a test if they are displaying symptoms. • provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace • self-isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19) <p>Manage confirmed cases of coronavirus (COVID-19) amongst the school community.</p>	<ol style="list-style-type: none"> 4. Non-contact thermometers can be found in MH, Innes reception and PE office. To be used if suspected covid-19 symptoms. 5. Person will remain in MH first aid room whilst waiting to be collected. 6. Request that the relevant areas to be deep cleaned. 7. NHS test, track and trace guidance will be followed when necessary. 8. 999 will be called if they are seriously ill or injured or their life is at risk. 9. A deep clean will take place in the areas that the symptomatic person has been in, and PPE will be disposed of properly. 10. If a student or a staff member working with students tests positive for coronavirus, the rest of their student group will be sent home and advised to self-isolate for 14 days (as will any staff member who looked after them in school while they were symptomatic). 11. If other cases are detected at school, contact Merton and DfE Helpline who will triage the information to local Public Health England team will be in touch to advise on appropriate action, such as asking more people to self-isolate. The school will support the identification of proximity and close contacts. <p>https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/918924/Symptomatic_children_action_list_SCHOOLS_FINAL_17-09.pdf</p> <p>https://www.merton.gov.uk/assets/Documents/Outbreak%20Control%20LBM%20Outbreak%20Control%20Plan%20for%20publication%20with%20forward%20290620%20%28003%29%20%28002%29.pdf</p>	<p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p>			
--	--	--	--	--	--	--	--

			<p>https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools</p> <p>https://www.nhs.uk/conditions/coronavirus-covid-19/</p> <p>12. School will take swift action to identify any proximity and close contacts to the positive case. The school will not share the names or details of people with coronavirus (COVID-19) unless essential to protect others.</p> <p>13. School will close down rooms and ensure they are deep cleaned before reopened for use.</p> <p>14. School will talk to staff and students effected, give them guidance on self-isolation and send them home. Parents will be contacted and self-isolation letters sent accordingly.</p> <p>15. School will notify all stakeholders of there has been a positive case; this will include Ricards Lodge as we have a joint Sixth Form.</p> <p>16. School must not share the names or details of people with coronavirus (COVID-19) unless essential to protect others.</p>						
3	Cleaning Hands	<p>Regime for pupils and staff to clean hands more often than usual – wash hands thoroughly for 20 seconds with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hand are covered</p> <p><i>(Latest government guidance: “It is essential that everyone washes their hands more often, using soap and water for at least 20 seconds. Hand washing with soap employs mechanical action that loosens bacteria and viruses from the skin, rinsing them into the drain. Drying hands afterwards makes the skin less hospitable to the virus. Hand sanitiser can be effective if soap is not available or the situation makes using soap less feasible (i.e. when outside) but using hand sanitiser provides none of the virus-destroying friction that rubbing your hands together and rinsing with water provides”)</i></p> <ul style="list-style-type: none"> Secure proportionate supplies of soap and hand sanitiser. 	<p>1. All persons advised to wash their hands on arrival</p> <p>2. Hand sanitiser at entrances and locations around the school</p> <p>3. All persons advised to wash hands at break and lunchtimes before and after they eat.</p> <p>4. Wash your hands with soap and water often for at least 20 seconds, following NHS guidance.</p> <p>5. Always wash your hands when you get home.</p> <p>6. SDX will supply hand wash soap</p> <p>7. School will supply hand sanitiser</p> <p>8. Signage for hand washing placed in all toilets and other locations around the school (i.e. entrances, classrooms and staff rooms)</p> <p>9. Reduce the sharing of equipment as students are expected to bring own writing equipment and exercise books</p>	Y	Y	Y	Y	Y	Y

		<ul style="list-style-type: none"> • Prioritise hand washing over use of sanitiser. • Pupils to wash hands on arrival; end of lessons and playtimes; before and after eating, after using shared equipment such as bikes etc. • Sanitisers at key points around the school where there is not a sink nearby. • Reminders to children in assemblies, through games and songs, and other fora about how to wash hands thoroughly and to not touch mouth, eyes and nose. Consider use of e-bug and PHE schools resources. So that this becomes 'part of the school culture'. • Plan how to help children and young people who have trouble cleaning their hands independently. • Encourage parents to consider washing pupils clothes where possible at the end of a school day – uniform that can't be regularly washed should be avoided • Teachers should wash their hands before and after handling children's books • Teachers must explicitly teach children about health and hygiene 	<p>10. Students reminded of the hygiene, clean clothes and washing hands during Registration and lessons</p> <p>11. Staff should wash their hands before and after handling books and equipment.</p> <p>12. Presentation for staff and students to be watched regularly.</p>	Y			
4	Respiratory Hygiene and PPE	<p>Make arrangements for the very small number of cases where personal protective equipment (PPE) supplies will be needed:</p> <ul style="list-style-type: none"> • if your staff provide intimate care for any children or young people; and • for cases where a child becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care (where a distance of 2 metres cannot be maintained) until they can return home. <p>Dispose of PPE in a double bag.</p>	<p>1. PPE will be available for first aid staff dealing with a person with covid-19 symptoms.</p> <p>2. Gloves, masks, aprons available for first aid staff who are dealing with other medical incidents and may be used when deemed appropriate.</p> <p>3. Medical bin in Manor House first aid room.</p> <p>4. Staff and students may wear face coverings if they chose to do so. Teachers will not wear a face covering when deliver a lesson; some may opt to wear a visor.</p> <p>5. Guidance for wearing and removing a face covering will be given to staff and students.</p> <p>https://www.youtube.com/watch?v=9Tv2BVN_WTk&feature=youtu.be</p> <p>https://www.gov.uk/government/publications/face-coverings-in-education/face-coverings-in-education</p>	Y	Y	Y	Y

		<p>Ensure good respiratory hygiene – promote the ‘catch it, bin it, kill it’ approach</p> <ul style="list-style-type: none"> Reminders to pupils in assemblies about use of tissues, or use of elbow, to cough or sneeze. Bins Tissues in all classrooms and spaces where staff work. Regular emptying and securing of bin waste (double bagging, at least daily, waste to be kept separate for 72 hours). Windows to be open in classrooms during daytime. Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and aid ventilation. Carry out risk assessments for some children with complex needs (eg those who spit or use saliva as a sensory stimulant) and those who work with them, but this should not be a reason to deny face to face education. 	<ol style="list-style-type: none"> Signage for ‘catch it, bin it, kill it’. Box of tissues in each classroom. Where possible windows will be opened to help ventilation. To utilize natural ventilation. Where possible classroom doors will be kept open if safe to do so. If the fire alarm sounds, these doors must be closed on exiting the building by the nearest member of staff. Rubbish bins inside rooms will not have lids on. This is to reduce the need to touch the bin lid to dispose of any items. (there is no guidance requiring a lid on bins) Rubbish bins will be emptied each day. If a bin needs emptying during the day, the member of staff will inform the site team to do so. Air Conditioning units can be used as the ventilation system circulates air to each room separately. Risk of transmission is also low through use of ceiling and desk fans providing there is good ventilation by fresh air. <p>https://www.hse.gov.uk/coronavirus/equipment-and-machinery/air-conditioning-and-ventilation.htm</p>	Y			
4a	Face coverings	<p>For schools with pupils in year 7 and above:</p> <ul style="list-style-type: none"> Consider requiring use of face coverings for pupils, staff and visitors in areas outside the classroom where social distancing cannot easily be maintained, such as corridors and communal areas and it has been deemed appropriate in those circumstances. Plan for use of face coverings in the case of a Tier 2 and above scenario (local or national restrictions), and how this will be communicated with the school community. <p>Where a school requires the use of face coverings, establish a small supply to be shared with students/staff who are struggling to access a face covering, or where they have forgotten their own.</p> <p>Ensure pupils are clear about how to remove face masks safely, and how to store them if they are reusable</p>	<ol style="list-style-type: none"> face coverings should be worn by all staff and students in corridors and communal areas where social distancing cannot easily be maintained. Staff may wear visors when in a lesson or close contact with a student, for example first aid. Students and staff who are unable to do so due to SEN or medical conditions are exempt. Storage and removal of masks information given to students and staff through meetings, assemblies and PowerPoint presentations. Access to face coverings: it is reasonable to assume that staff and students will use their own. If a person has forgotten their face covering, the school has a very small contingency supply. 	Y			

5	Cleaning the Environment	<p>Decide what an enhanced cleaning schedule looks like and how it will be implemented in your school (for example, how often, when/if an additional clean is necessary) and how you will ensure sufficiency of supplies. This should include a thorough clean at the end of each day. Follow the COVID-19: cleaning of non-healthcare settings guidance.</p> <ul style="list-style-type: none"> Revise cleaning protocols for cleaning contractors and premises staff that ensures cleaning is generally enhanced, including considering how equipment will be cleaned (eg desks / chairs / keyboards / photocopiers / musical instruments / kitchens / specialist equipment). Identify common touch areas in the school (eg desks, chairs, doors, sinks, toilets, light switches, bannisters etc). Clean frequently touched surfaces more often than normal, using standard products. Consider use of anti-bacterial wipes for staff to use themselves at key points. During the day (when contracted cleaners are not on site) arrange for cleaning of frequently touched objects as appropriate and according to timetable children are in school. Establish routine for cleaning of resources shared between more than one group, and for more regular cleaning of outside resources. 	<ol style="list-style-type: none"> Cleaning contractor will continue to clean the school as normal with enhanced sanitising throughout the day of door handles, bannisters, light switches, toilets, tables, chairs, telephones, keyboards and mice. Staff will be allocated buildings for spot cleaning during the day. Additional cleaning has been deployed. The school will be using long lasting antibacterial spray (30 days) in high contact areas and rooms. (keyboards) Music, DT, Art and ICT rooms may be also wiped down at the end of a session. PE equipment will be cleaned at the end of each session. Classroom desks to be kept clear throughout the day. 	Y			
		<p>Decide on policy related to usually shared items (for example, books, toys, practical equipment).</p> <ul style="list-style-type: none"> Remove unnecessary items from classrooms and other learning environments where there is space to store it elsewhere. Remove soft furnishings, soft toys and toys that are hard to clean (such as those with intricate parts, and malleable toys like play dough). Keep all surfaces clear for ease of wiping down. Reduce the amount of toys in one box. Daily rota for cleaning toys, especially those that have the potential to be mouthed e.g. plastic home corner cups, forks, pretend fruit and vegetables etc. Wash resources in Milton sterilising fluid. (Used generally to sterilise baby's feeding accessories, rattles etc. in only 15 	<ol style="list-style-type: none"> Students will bring and use their own writing equipment and books. Textbooks and library books will not be used or loaned. All school equipment will be wiped down or washed after each session. Where possible store all unnecessary items in cupboards. All staff should ensure tables and teacher desks are clear at the end of each day so these can be cleaned. Students will use individual practical equipment for Science, DT, Art, Music, PE, Media; these will not be shared. All equipment will be cleaned after use. 	Y	Y	Y	Y

		<p>minutes- there is no need to rinse toys/sides afterwards as it is completely safe for children).</p> <ul style="list-style-type: none"> If using outdoor equipment, organize cleaning between groups, otherwise consider not using. 											
6	Altering the environment and organization to minimise contact	<p>Overall organization of the school:</p> <p>Decide the physical and organisational structures needed to limit risks and keep groupings ('bubbles') while recognizing the need for the resumption of the full range of curriculum subjects and government expectations for teaching and learning. Whatever the size of the group, they should be kept apart from other groups where possible and older children should be encouraged to keep their distance within groups.</p> <ul style="list-style-type: none"> Maintain records of who is in what bubble/group (to support Track and Trace) In secondary schools, especially KS4 and 5, the groups are likely to need to be the size of a year group. If this can be achieved with small groups, they are recommended. At primary school, and in the younger years at secondary (key stage 3), schools may be able to implement smaller groups the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in group become ill with coronavirus (COVID-19) Consider how you may keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport, Endeavour to keep these groups at least partially separate and minimising contacts between children will still offer public health benefits. Ensure that appropriate support is made available for pupils with SEND, for example by deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups) Avoid large gatherings such as assemblies or collective worship with more than one group. 	<ol style="list-style-type: none"> All staff and students who are on the school site are expected to adhere to social distancing and protective measures. Group bubbles and timetables will be used for track and trace Students will be in year group bubbles, and also Key Stage 4 and Key Stage 5 Designated year group bubble areas, which will mix within sets (e.g. Years 7 in Main Building), except for specialist subjects, Music IT PE During break and lunch the group bubble will have designated outdoor space. Assemblies will be done on MS Teams or by one Year group seated distanced in the Main Hall. Outside areas will be used to register students who will line up maintaining social distancing. Teacher will collect students from designated areas. Students will be in a seating plan. When working with students, staff adhere to social distancing guidance. Students with SEND will have LSAs to support them, LSAs will work within the bubble where possible. Students with SEND will allocated rooms for out of class student within the bubble area. Fire evacuation procedures will continue as normal. Staff will assist their own class to exit the building. Other staff on site will exit safely. Muster points will remain on the field but people will line up at social distanced intervals. Fire evacuation will be reviewed and revert back to normal procedures. Note, the school may not be able to guarantee social distancing in the event of a fire evacuation. 	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y

	<ul style="list-style-type: none"> Consider staggered break times and lunch times (and time for cleaning surfaces in the dining hall between groups). Use outside space for breaks. Plan for appropriate lessons or classroom activities to take place outdoors. Look at fire drill in light of new organisation and practice, 	15. Teachers and LSAs may need to move between groups if subject specialism is needed.					
Measures within the classroom	<ul style="list-style-type: none"> Put in place measures so that adults are where possible able to maintain 2 metre distance from each other, and from children when circumstances allow, especially if they are moving between groups. Avoid close face to face contact and minimise time spent within 1 metre of anyone (educational and care support should be provided as normal for pupils who have complex needs or who need close contact care) Support older children to keep distance between each other, where possible; not necessarily possible for younger pupils, or where space does not allow. Seat pupils side by side and facing forwards, rather than face to face or side on Move unnecessary furniture out of classrooms to make more space Plan for resources (eg pencils, pens) to not be shared. Pupils only bring in what is necessary (though books can be taken home) 	<ol style="list-style-type: none"> When working with students, staff adhere to social distancing guidance. Where possible teacher will remain at the front of the class LSA will work alongside students with SEND and avoid close face to face contact. Students will be seated facing forward, if this is not possible a screen divide between the desks. Classroom and work stations to be clutter free Students will bring and use their own writing equipment and books. 	Y	Y	Y	Y	Y
Specialist subjects	<p>PE:</p> <ol style="list-style-type: none"> Only provide team sports on the list available at return to recreational team sport framework, following the guidance provided by each sport's national governing body Keep pupils in consistent groups. Ensure equipment is cleaned between use by different groups Prioritise outside sports; where indoors should take place in large well ventilated spaces, trying to maintain distances between pupils. Ensure pupils maintain scrupulous hygiene. Consider allowing pupils to arrive in school wearing sports kit on PE days, to avoid the need for changing on site. 	<ol style="list-style-type: none"> Practical lessons will follow social distancing guidance. Practical equipment used in any lesson such as Science, Art, DT, PE or Music will be cleaned after use. Students will not change for PE lessons. If a PE lesson is scheduled, students will wear their PE kit all day. PE lessons will be outside if the weather permits. A specific risk assessment has been completed for each PE, Science, Art, Music and DT activities. Science has completed a risk assessment for department rooms when being used by non-department staff. 	Y	Y	Y	Y	Y

		<p>7. Where changing rooms need to be used, encourage pupils to use them as quickly as possible.</p> <p>8. Ensure following guidance is followed:</p> <ul style="list-style-type: none"> • <u>guidance on the phased return of sport and recreation</u> and guidance from <u>Sport England</u> for grassroot sport • advice from organisations such as the <u>Association for Physical Education</u> and the <u>Youth Sport Trust</u> • guidance from Swim England on school swimming and water safety lessons available at <u>returning to pools guidance documents</u>. <p>• Work with any external coaches and clubs to ensure they operate within guidance and the school's protective measures.</p> <p>DT and science: Follow CLEAPSS guidance</p> <p>Music</p> <ol style="list-style-type: none"> 1. Ensure that the broad curriculum is delivered. 2. Minimise contact between those in these lessons: ensure they are undertaken within bubbles, and social distancing is established within lessons. Both measures will help, but the balance between them will change depending on the age of pupils, the layout of the building, and the feasibility of keeping groups separate from each other while offering a broad curriculum. 3. Consider whether group size should be limited for these activities. 4. Keep any background or accompanying music to levels which do not encourage teachers or other performers to raise their voices unduly. <p>Performances:</p> <ol style="list-style-type: none"> 5. Follow the latest advice in the DCMS <u>performing arts</u> guidance. <p>Peripatetic teachers:</p> <ol style="list-style-type: none"> 6. Ensure peripatetic teachers comply with arrangements to minimise risk, including maintaining social distancing. 7. Consider longer assignments for peripatetic teachers <p>Ensure they:</p>	<p>7. Students will remain in their year zone until escorted by their teacher if they need to move to another area of the school.</p> <p>8. Peripatetic teachers will comply with the school arrangements to minimise risk, including maintaining social distancing, hand hygiene and other safety controls.</p>	<p>Y</p> <p>Y</p>			
--	--	--	--	-------------------	--	--	--

		<p>8. Maintain distancing requirements with each group they teach, where appropriate.</p> <p>9. Avoid situations where distancing requirements are broken; for an example demonstrating partnering work in dancing.</p> <p>10. Make efforts to reduce the number of groups taught and locations worked in, to reduce the number of contacts made.</p> <p>Music lessons:</p> <p>11. Play instruments and sing outside where possible.</p> <p>12. If inside, consider limiting numbers in relation to space; use a room with as much space as possible, including those with high ceilings; and ensure it is well ventilated.</p> <p>13. Larger group sessions for singing and brass and wind instrument playing can only take place if there is significant space, natural airflow, and strict social distancing between participants can be maintained.</p> <p>14. Position pupils back to back or side to side when playing or singing.</p> <p>15. Use microphones to encourage lower volume.</p> <p>Handling equipment and instruments:</p> <p>16. Ensure pupils wash hands before and afterwards</p> <p>17. Avoid sharing instruments; if this can't be avoided disinfect regularly and always between users.</p> <p>18. Limit handling of scores etc and do not pass from hand to hand.</p>					
Staff communal areas		<ul style="list-style-type: none"> • Minimise use of staff rooms while recognizing staff need a break • Rearrange staff room to facilitate social distancing. • Agree use of staff room, minimizing time staff congregate in there. • Agree protocols for use of staff toilets (again to minimize contact). 	<ol style="list-style-type: none"> 1. Staff using shared offices and staff rooms will adhere to social distancing guidance, furniture will be spaced where possible. 2. Staff meetings will be done via MS Teams where possible. Any face to face meeting will be held in a room large enough to accommodate the number of staff attending or held outside. 3. Offices and Staff areas will have a maximum number able to use at any one time. 4. All staff kitchen areas will have cleaning products available. Staff to wipe areas and equipment after use. 5. Staff advised to bring and use own cup, utensils and crockery. 	Y	Y	Y	Y

	Reception area	<ul style="list-style-type: none"> Consider screen or physical spacing (e.g. an extra table) to protect visitors and staff in the reception area. 	<ol style="list-style-type: none"> Contractors will sign in at Reception areas away from reception desk. An additional table placed in front of reception desk to assist with social distancing. Deliveries will be left at entrance of Manor House; larger item will be delivered to the garage. Visitor on entering the Manor House should be wearing a face covering. Hand sanitiser available at each reception area (Manor House, Innes, RR6). 	Y Y Y Y Y Y			
	Dining room	<p>Kitchens will be fully open from the start of the autumn term and normal legal requirements will apply about provision of food to all pupils who want it, shared areas such as dining halls can be shared as long as different groups keep their social distance between the groups and adequate cleaning between groups is in place.</p> <ul style="list-style-type: none"> Stagger lunchtimes to cater for different groups. Work with contractor to ensure meals are able to be prepared and served safely. Consider screens or a physical barrier to ensure distance at servery. Place 2m markers on floor to support queuing at lunchtime. Clean tables between sittings Consider lunch in classrooms if not possible to use dining hall, while considering the requirement for a hot nutritional meal 	<ol style="list-style-type: none"> Catering contractor will adhere to social distancing guidance. Food will be preordered. Food will be wrapped, in bags or disposable boxes labelled with individual's name. Cutlery will be wrapped in a napkin. Allergen information can be found on the packaging label. Lunch will be provided for FSM students only in the first instance. This will be reviewed during September. Cold meals will be collected from within their group area. Food will not be served at break until further notice. Staff and non FSM students will need to bring a packed lunch and drinks. Staff and students are advised not to use the water fountains for hygiene reasons. Tills, fingerprint scanners and money machines will not be in operation. Students will be outside for lunch and breaks unless inclement weather. Different groups of students will have different areas of outdoor space. Queuing distance markers will be placed on the floor to ensure social distancing is adhered to. No seating area in the canteen will be available unless wet weather. 	Y Y Y Y Y Y Y Y Y Y Y Y			

Safety messaging	<ul style="list-style-type: none"> Agree how safety measures and messages will be displayed around school – in every classroom, toilets, at main entrance and staff room. 	<ol style="list-style-type: none"> Hygiene signage will be displayed in corridors and inside the rooms. Advice on Covid-19, Catch it, Bin it, Kill it, social distancing and hand washing. Group signage will be used for lining up where necessary. Staff, governors and parents/carers' letters are sent with regular updates. These can also be found on the school website. Students informed and reminded of social distancing guidance each morning and during the day. Presentation will be shown during tutor time and on screens around the school. 	Y Y Y Y			
Transport to school	<ul style="list-style-type: none"> Schools should work with partners to consider staggered start times where possible to enable more journeys to take place outside of peak hours. Schools should encourage parents, staff and pupils to walk or cycle to school if at all possible (e.g. use of 'walking buses') 	<ol style="list-style-type: none"> Students and staff encouraged to walk or cycle where possible. Students and staff have been advised against the use of public transport if alternative travel is possible. For anyone who needs to take public transport, they'll be referred to government guidance. Students using public transport that face coverings are mandatory for young people over 11 years. 	Y Y Y Y			
Beginnings and ends of days	<ul style="list-style-type: none"> Stagger start times for groups of pupils. Identify exit/entry points for children, minimizing contact with other children and families; if possible these points should be through an outside door directly to classrooms. Consider markings at entry points to support social distancing on arrival. Tell parents that if their child needs to be accompanied to the education or childcare setting, only one parent should attend. Tell parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use). Make clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely). Communicate with parents and young people so they are aware of recommendations on transport to and from education 	<ol style="list-style-type: none"> Normal school day 8.30 am to 2.50 pm; students may arrive on site from 8.00 am. Parents should not to drop off or collect students by car at the Watery Lane or Mostyn Road entrances unless they have a vulnerable child. Specific entrances will be used: Watery Lane for Yr7 and Yr8; Mostyn Road for all other year groups. Students cycling should lock bikes in bike racks provided behind Science block. Staff students should lock bikes behind Manor House. John Innes path will be closed during the school day. Students will be supervised to ensure mixing between groups does not occur, and they will be reminded about distancing rules throughout the day. 	Y Y Y Y Y Y			

	<p>or childcare setting (including avoiding peak times). Guidance will shortly be published on safe travel.</p> <ul style="list-style-type: none"> Establish process for removing face coverings when pupils and staff who use them arrive at school and communicate it clearly to them 	<p>8. Dismissal times: Y7 @ 2.45 pm Y8 @ 2.50 pm Y9 @ 2.40 pm Y10 @ 2.50 pm Y11 @ 3.00 pm RR6 @ 3.00 pm</p> <p>9. During a National Restriction, extra-curricular sport may continue, but must follow the school's COVID protocol of year group bubbles, social distancing and is subject to a risk assessment. All other extra-curricular activities will cease.</p> <p>10. During a National Restriction, after school homework, revision and catch up sessions will continue as this is part of our usual extended school day.</p> <p>11. During a National Restriction, the Autumn exam series will continue as will the Year 11 and Year 13 mock exams.</p>						
Contractors and other visitors	<ul style="list-style-type: none"> Clear guidance required for visitors regarding school's processes for social distancing and hygiene Minimise visitors coming into school where possible but therapists, supply staff and other temporary workers can move between schools though longer assignments may be considered; ITT trainees encouraged. Organise visits out of school hours where possible. Keep a record of visitors Plan arrangements with your suppliers and check they are following appropriate social distancing and hygiene measures (for example, food suppliers, grounds maintenance, transport providers), including when in school. Agree approach to any scheduled or ongoing building works, and how to organise social distancing measures. 	<ol style="list-style-type: none"> There is an expectation to have no visitors on site. Contractors will sign in at Reception areas away from reception desk. Visitors by appointment only. Visitors will sign in and be escorted with social distancing. Details of all visitor will be stored for 30 days to help with track and trace. After any visitor in meetings rooms the area will be cleaned. Deliveries to be left on the desk or at front entrance of Manor House, larger items taken to the garage. Contractors, where possible, to work out of school day hours. Visitors will be expected to wear a face covering while in the building. 	Y	Y	Y	Y	Y	Y
Corridors	<ul style="list-style-type: none"> Consider one-way circulation, or place a divider down the middle of the corridor to keep groups apart as they move through the setting where spaces are accessed by corridors. 	<ol style="list-style-type: none"> One-way system in the Innes building: 	Y					

			<p>Enter from each end of the building. Stairs at each end will be up only. Stairs in middle of Innes will be down only.</p> <p>2. One-way system in the Centenary rooms can use external doors to enter and exit. Rooms C3, C4, C5, C6 and C8 will enter from central doors. C3, C4 and C5 will exit from the side. C6 and C8 will exit near Mostyn Rd.</p> <p>3. Main building stairs have been sectioned for different departments: Maths and LRC will use stairs by canteen, Science will use doors near site office to enter the building.</p> <p>4. Stairs near G11 will be used for exit only as this is a narrow staircase.</p> <p>5. Entrance to Inclusion and Progress Centre will be from the Quad. Students and staff must social distance when moving in this area.</p> <p>6. Signage on floors and walls showing direction of flow.</p> <p>7. One-way system in RR6 entry by the main entrance stairs to the right and corridor. Exit back stair to the side by the cage.</p> <p>8. While moving from in the corridors face coverings may be worn.</p>	Y			
	Toilets	<p>Different groups don't need to be allocated their own toilet blocks, but toilets will need to be cleaned regularly and pupils must be encouraged to clean their hands thoroughly after using the toilet</p> <ul style="list-style-type: none"> • Agree rules for pupils on use of toilets, limiting access at any given time. 	<p>1. Toilets have a maximum occupancy signage.</p> <p>2. Students will use toilet facilities in the building where their Year Group lessons are held.</p>	Y			
	Breakfast and after school club	<ul style="list-style-type: none"> • Agree when breakfast clubs and after-school clubs can start to operate. • Plan for pupils to stay in bubbles/groups they are normally in, otherwise keep groups small and consistent. 	<p>1. No school clubs or enrichment activities for the first half term.</p>	Y			
	School visits	<p>Plan for non-overnight domestic educational visits, subject to a risk assessment and consider protective measures (no overnight visits).</p>	<p>1. No school visits or visiting speakers in the first half term.</p>	Y			

7	Staff workload and wellbeing (teachers, support staff and non-teaching staff)	<p>Following the reduction in the prevalence of coronavirus (COVID-19) and relaxation of shielding measures from 1 August, the government expect that most staff will attend school. Advice for those who are extremely clinically vulnerable, clinically-vulnerable, including pregnant women, is available.</p> <ul style="list-style-type: none"> Establish through staff audit any individuals where medical advice would indicate they are still not able to return Consider enabling previously shielded staff to work remotely where possible (administration roles) or in roles in school where it is possible to maintain social distancing. Identify staff who, because of particular characteristics which may make them at comparatively increased risk from coronavirus, might need individual risk assessments to support return. 	<ol style="list-style-type: none"> Staff continue to inform school HR coordinator if unable to attend work. HR coordinator will continue to update staff medical needs and covid-19 information. SLT line manager will complete individual risk assessment with any staff who require this. Staff capacity will be monitored by HR coordinator and HT. 	Y			
		<ul style="list-style-type: none"> Agree any flexible working arrangements needed to support any changes to your usual patterns (for example, staggered start/end times). 	<ol style="list-style-type: none"> Flexible working arrangement will follow the LBM policy. Staff briefing and meeting documents shared. Staff FAQ to be produced. 	Y			
		<ul style="list-style-type: none"> Agree staff workload expectations (including for leaders) in line with government guidance issues on 2 July 2020. 	<ol style="list-style-type: none"> SLT line managers will support HoDs and HoYs to divide the workload across their departments and year group tutors. 	Y			
		<ul style="list-style-type: none"> Decide what staff training (either delivered remotely or in school) is needed to implement any changes the school plans to make (for example, risk management, curriculum, behaviour, safeguarding). 	<ol style="list-style-type: none"> Training to deliver remote lessons on MS Teams to all teaching staff. Online training from IHasco. Webinars 	Y			
		<ul style="list-style-type: none"> Put in place measures to check on staff wellbeing (including for leaders). 	<ol style="list-style-type: none"> Wellbeing SLA from HR Place 2 Be Government link for wellbeing https://www.educationsupport.org.uk/ Individual risk assessments 	Y			
		<ul style="list-style-type: none"> Communicate and discuss plans with staff. 	<ol style="list-style-type: none"> Risk assessment circulated Meetings to discuss the opening 	Y			
8	Pupil wellbeing and safeguarding	<ul style="list-style-type: none"> Consider updating behaviour policies to reflect the new rules and routines necessary to reduce risk in your setting and agree how to communicate this to school staff, students and parents and review uniform expectations. Communicate clearly with pupils and parents. 	<ol style="list-style-type: none"> Behaviour for learning policy and safeguarding policy addenda in place. Start days in September to be staggered to communicate expectations 	Y			

			3. Social distancing guidance shared with students, parents/carers and staff.				
		<ul style="list-style-type: none"> Plan likely mental health, pastoral or wider wellbeing support for children returning to school (for example, bereavement support) referring to LA guidance as needed. 	<ol style="list-style-type: none"> Place 2 Be offer to continue Tutor time wellbeing and recovery curriculum discussions. 	Y			
		<ul style="list-style-type: none"> Consider revising child protection policy (led by their Designated Safeguarding Lead) to reflect the return of more pupils Plan for possible additional time required by DSLs for their role in September. 	<ol style="list-style-type: none"> Review and update policy in line with KCSiE September 2020 Review the workload of the DSLs within the school and reduce other duties to enable pastoral support for students 	Y Y			
		<ul style="list-style-type: none"> Work with local authority to secure services for additional support and early help where possible (for example, around anxiety, mental health, behaviour, social care, or changes to mobility), and consider how these might apply to pupils and students who were not previously affected. 	<ol style="list-style-type: none"> Referrals for external agency support will continue Meetings with external agency staff and parents/carers will continue via phone, virtual meetings and on site meetings 	Y Y			
		Attendance: <ul style="list-style-type: none"> Communicate expectations re attendance to parents throughout the summer. Identify pupils who might be anxious about returning and develop plans to engage them: especially PA children, those who haven't engaged with school during partial opening. Use catch up funding for strategies to re-engage for attendance. Work with relevant professionals 	<ol style="list-style-type: none"> Letter to parents with the expectation of September for attendance and other arrangements. 	Y			
9	Other considerations	<p>If your whole school site or buildings have been closed for many weeks, or if parts of the building have been out of use for a long period, then you should consider undertaking a health and safety check of the buildings concerned. Detailed DfE guidance here managing school premises during the coronavirus outbreak.</p>	<ol style="list-style-type: none"> All buildings and catering services in the school are under a PFI contract with Merton and Sodexo. Sodexo will follow the social distancing, protective measures and maintenance guidance for educational settings and their company guidance. <ol style="list-style-type: none"> Regular site checks, risk assessments and maintenance schedule will continue. Cleaning schedule has been enhanced to include more cleaning during the day and deeper cleans after school. 	Y Y			

			<p>2. The Pavilion and RR6. Whilst contractors are on site, they will be managed and monitored by the school and site team.</p> <ol style="list-style-type: none"> a. Contractors will remain socially distanced from each other and will not have any contact with students or staff apart from the site team and school business manager. b. Contractors will follow the social distancing, protective measures and maintenance guidance for educational settings and their company guidance. 						
10	<p>Contingency planning for outbreaks</p>	<p>Contain any outbreak by following local health protection team advice – section one part 10 of full opening guidance.</p> <p>In the event of a local outbreak it may be necessary to terminate a group's or full school attendance.</p> <p>Plan as far as possible according to Section 5: Contingency planning for outbreaks of the 'Guidance for full opening' (focus on remote learning).</p> <p>Schools will also need to have regard to new guidance that would be issued in the case of a wider local outbreak.</p> <p>https://www.gov.uk/government/publications/how-schools-can-plan-for-tier-2-local-restrictions/how-schools-can-plan-for-tier-2-local-restrictions</p> <p>https://www.gov.uk/government/publications/containing-and-managing-local-coronavirus-covid-19-outbreaks/covid-19-contain-framework-a-guide-for-local-decision-makers</p>	<ol style="list-style-type: none"> 1. Contingency Plan for remote learning with Fronter and MS Teams to support groups bubbles that are self-isolating. 2. In the event of a local outbreak, all staff would move to remote learning in line with curriculum strategy. 3. The school will move to DfE Tier 2 local restrictions and move to a rota model combining on-site provision with remote education. 4. Full-time attendance will be provided to vulnerable children and the children of critical workers. All other pupils should only attend school when their rota permits. 5. This will be a two-week rota system to enable students and staff to self-isolate for 14 days should they need to. 6. In the event of a local outbreak, the school will follow Merton lockdown procedures. 7. If the school is placed in Tier 3 or 4 restrictions by Merton or DfE the school will only provide full-time on-site provision for vulnerable children, the children of critical workers and 'selected year groups' as advised. 8. Free school meals will continue to be provided for eligible students in the event of a DfE tier 2, 3, or 4 restrictions. 	Y	Y	Y	Y	Y	Y
