DEPARTMENT INTENT

The MFL department at Rutlish strives to develop a love of languages amongst students. We offer an engaging curriculum that helps to develop intercultural awareness alongside linguist ability. Our students understand the importance of learning a language, which is communicated through areas of the curriculum as well as through teachers' experience and options assemblies.

MFL lessons at Rutlish are dynamic and lively with students actively engaged and enjoying their learning. We ensure all abilities of MFL students are successful by carefully scaffolding learning activities for the less able and embedding challenges in lessons for the more able.

The skills learnt in MFL lessons can be applied to many other areas of the curriculum, for instance developing both the ability to coherently express and justify an opinion as well as the understanding of grammar and how language works. The MFL curriculum builds students' confidence and helps them to become strong communicators, which is vital for their future studies and working life. Furthermore, the MFL department supports students in developing a strong work ethic through setting consistently high standards.

Trips abroad at both KS3 and KS4 are available to all MFL students and offer the opportunity to put their language skills into practice whilst learning about the culture of the country visited. MFL students at KS5 are supported in applying for scholarships to spend extended periods of time abroad during which they develop international friendships and truly appreciate the value of their advanced language skills. As fluent speakers of the language studied, our previous A-level students have often continued to study languages at university or even enrolled in a university abroad. The combination of an engaging curriculum offered at school and the first-hand experience of using their language abroad encourages MFL students to become citizens of the world and opens their eyes to opportunities of travel and working and living abroad.
